Construction	Aluminium
IP Rating	IP66

Dimensions

Height	455mm
Length	70mm
Width	70mm

Electrical

Maximum Wattage	4W (2 x 2W)
Voltage	240V

Light Characteristics

Beam Angle	10°
------------	-----

The **Square LED Pillar** has an IP rating of 66 and is therefore suitable to illuminate floor level walkways outdoors. The optics can be independently adjusted 360° rotationally and 25° laterally. It has a driver built within the casing to allow easy installation. The light given out will also not attract insects when it is turned on.

Ideal for public or residential areas, they are created for discrete lighting while preventing accidental damage or vandalism.
