## STRIP RGB DRIVER

Cream Electronic

Quicklink: Q1769

The 12V **RGB Strip Driver** has been primarily designed for use with the LED Strip range. It has a 30W maximum load meaning that 18 of the 250mm 'STRIP RGB' can be run off it.

The Cord also has a switch button included for switching the strips.

The driver comes with a 2m cable including plug allowing it to be moved to different locations if required.
