

The **RES250 LT** is an electronic transformer that is dimmable with the leading edge dimmers. The transformer has a self resetting short circuit and overload protection on the secondary side.

RES250 LT

12V 100-250W
Quicklink: Q1858

General

Colour	White
Construction	Polycarbonate
Dimmable	Yes

Dimmable	Yes
----------	-----

Dimensions

Transformer Height	40mm
Transformer Length	230mm
Transformer Width	50mm

Electrical

Maximum Wattage	250W
Minimum Wattage	100W
Transformer	Electronic
Voltage	12V
