The **Seamless SlimLine - High Output** is the solution for seamless lighting. Featuring a linear lighting fixture casting a clean, continuous light without dark spots, there are currently no other similar products in the market.

Seamless SlimLine consists of a built-in ballast and fluorescent lamp. It is an excellent lighting solution for cove lighting where long seamless lines are required. It is also an excellent choice for display shelves and under bar feature lighting. A diffuser is not available.

If the power cord needs to be extended, then 3-core cable must be used.
