The **Carolina** is a stylish modern bedside wall light with built in touch dimmer for seamless transition through three stages of light. It is ideal for locating next to beds where light is needed for different activities such as reading or watching television. Just touch your hand on the base plate to change instantly the mood of your room! One touch brings the lights on low, two touches is medium light level, third touch is full brightness while the fourth touch is off.

Constructed from zinc and finished in polished chrome. The included shade is made from high quality tempered glass. A 40W G9 mains voltage capsule lamp is included.
