

DMX Interfaces

DMX512 350mA

DMX512 350mA

Quicklink: Q1BAA

General

Colour	grey
Construction	Coated Steel
IP Rating	IP20

Dimensions

Depth	45mm
Length	310mm
Width	55mm

Electrical

Amperage	350mA
----------	-------

The **DMX3512 350mA RGB CONTROLLER** represents true innovation in LED Technology. It provides a DMX controlled 3 channel, constant current power supply with the ability to control up to 44W it is fully addressable and compatible with the DMX control standard, enabling fine dimming and colour control.

- Short and open circuit protected
- LED temperature compensation feedback
- 3 Fully Addressable constant current outputs
- Allows dimming of LEDs using a DMX signal
