

Surge Protection

Surge Protected Socket Strip
6 Way White

SPS6G

6 Way White
Quicklink: Q1CCC

General

Colour	White
Construction	Plastic
IP Rating	IP00
Compliance	73/23/EEC, 89/336/EEC
Factory Fitted Fuse	BS1362 13A
Maximum Surge Handling	4500A

Dimensions

Depth	25mm
Height	60mm
Width	380mm

Electrical

Amperage	13A
Maximum Wattage	0.2W
Protection Modes	L-N, N-E, L-E
Voltage	240V

The **Surge Protected Socket Strip** is ideal for use where protection from dangerous power surges and voltage spikes for up to 6 appliances is required.

Specification

- Redirects high-energy transients on the mains supply lines harmlessly to earth and away from associated equipment and operators
- Resets automatically
- Dissipates incoming and outgoing transients
- Separate mains ON and mains protection intact indication
- Three separate mains protection devices between L-N, L-E, N-E with thermal overload protection
- Optional wall mounting holes provided (keyhole type at rear)
- 2 metre cable length with BS1363 plug fitted
- Tough flame retardant moulding
- Separate neon indication to denote surge protection is intact and supply is present
