

WHRJ111

1 Gang RJ11

Quicklink: Q1CE6

General

Colour	White
Construction	Plastic

The **Superswitch Communication Socket** is an ideal choice for modern interiors. Sleek and modern with a depth from the wall of only 6mm and bevelled edges to give an almost timeless elegance. Practical and stylish with clearly marked colour coded, in-line terminals offering effortless installation.

Features

- Attractive bevelled profile
- Insulating screw covers
- In-line terminal connections

This product will easily fit any standard 35mm back box (available separately). Mounting screws, screw covers and an information/installation leaflet are included. The RJ11 and ethernet modules come with two stickers that can be placed on the plate to identify its use.
