The **Contour Round** is a high power Cree LED downlight that provides a strong vibrant light. It can be used as either the primary or secondary source of light. It can be tilted by 20 degrees to adjust the light direction. Ideal as a replacement for standard halogen lamp downlights which generally consume more power and produce more heat.

The fitting is constructed from aluminium with three 3W Cree LED's.

The linked driver is required with the Contour downlight.
