IP Rating IP00

Blade Finish Oak Cane /
Mahogany

Dimensions

Blade Length 1320mm

The **Monarch** is a traditionally styled ceiling fan that is perfect for use in a home or bar setting.

This ceiling fan has a satin brass finish. The blades are reversible between oak cane or mahogany colour options for more choice in matching existing interiors (see additional pictures). Simply hard wire to a *Ceiling Fan Wall Control Switch* or alternatively purchase a *Radio Frequency Remote Control* for wireless operation. Both methods have four fan speed and on/off settings. A switch is located on the base of the fan to reverse the spin of the blades, cooling rooms in the Summer and trapping heat in the Winter.

Down Rods should be purchased if this product is to be located in a conservatory or high ceiling room.

Please see the technical tab for information on selecting the correct fan size, down rods and installation advice. All fan motors carry a ten year guarantee.
