Dimmable	Yes
IP Rating	IP20
Weight	1kg

Dimensions

Base Diameter	75mm
Depth	123mm
Head Diameter	116mm
Horizontal Rotation	360°

Electrical

Maximum Wattage	75W
Voltage	240V

The **Beluga** ceiling fitting consists of a polished chrome plated structure with a coloured glass spherical diffuser which together produce a beautiful, contemporary fixture.

The 24% lead crystal glass allows some of the light to diffuse out, creating a halo effect around the fitting whilst also maintaining a main focused beam of light. This means valuable light is not wasted through the clear sides. The head can be adjusted and rotated a full 360° for freedom of choice in the beam placement. Available in six different colours. A 75W GU10 lamp is available separately.
