Colour	Chrome
Construction	Steel / Glass
Dimmable	Yes
IP Rating	IP20
Weight	15kg

### Dimensions

Depth	15mm
Length	914mm
Maximum Suspension Length	2000mm
Minimum Suspension Length	400mm
Transformer Length	150mm
Transformer Width	150mm
Width	260mm

### Electrical

Maximum Wattage	240W (12 x 20W)
Voltage	12V

The **Sospesa** pendant is designed to coordinate with other modern glass furniture and fixtures. Twelve low voltage 20W halogen capsule lamps provide a distinctive bright light that is ideal for focused effect lighting above tables, for example. The electric connections between each lamp run through channels carved into the clear tempered glass. The polished steel suspension wire and ceiling fixings finish the contemporary design.

Constructed from steel and tempered glass with a polished finish. A toroidal transformer is supplied and is placed at the centre between the two suspension fixings inside a polished finished ceiling rose. Twelve 20W G4 low voltage capsule lamps must be purchased separately.
