The **Modena** wall cabinet mirror light contains two shelves for all your bathroom products. This unit is a great space saver, incorporating a long shaver type light on the top, with a rectangle cut out in the mirror glass allowing a bright diffused light through if the door is closed. A pull switch is located on the base of the cabinet for easy access switching of the light.

This fitting is IP44 rated, making it suitable for locating in bathroom zone 2. It is constructed from steel and glass and has a pull cord on its base for easy switching. A 15W T8 fluorescent lamp is included.
