Fuji Wide 950 240V (0662)
2x21W

FUJI 950 1092006

2 x 21W

Quicklink: Q1F9A

General

Cap	T5
Colour	Chrome
Construction	Steel / Glass
IP Rating	IP44
Weight	12.7kg

Dimensions

Depth	55mm
Height	600mm
Width	950mm

Electrical

Maximum Wattage	42W
Voltage	240V

The **Fuji Wide 950** mirror light provides a nice diffused ambient light to surrounding walls whilst reducing shadows on the mirror surface. A depth of only 55mm reduces its impact and ensures greater flexibility in small or narrow bathrooms. Two 21W fluorescent lamp are incorporated into the fitting, providing sufficient light for tasks such as shaving whilst also meeting the requirements of Part L building regulations on the conservation of power.

This fitting is IP44 rated, allowing for location in bathroom zone 2 (see technical tab). Constructed from steel and glass. An integral electronic ballast and pull cord on the base are included for easy switching. Two 21W T5 fluorescent lamps are included. This fitting is not dimming compatible. More mirror sizes are available in this design. A *Heated De-mister Pad* to remove unwanted condensation and *Magnifying Mirror Attachment* are available separately.
