Weight	1.8kg

Magnification x3

Dimensions

Depth	275mm
Height	200mm
Width	200mm

Electrical

Maximum Wattage	9W
Voltage	240V

The **Niro Plus** adjustable magnifying mirror light is ideal as a separate mirror in any bathroom for applying make-up or shaving due to the three times magnification. A 9W fluorescent lamp is incorporated into the fitting, which not only removes shadows for better clarity, but also meets the requirements of Part L building regulations on the conservation of power.

This fitting is IP44 rated, allowing for location in bathroom zone 2 (see technical tab). Constructed from steel and glass with one adjustable arm. It is fully adjustable with a swing arm and pivoting head. An integral electronic ballast is built in. This fitting is not dimming compatible and is mains switching only. A 9W GX53 compact fluorescent lamp is available separately.
