

MDF LED Extrusion Profile - Cabinet and Cove

MDF U Surface LED Tape Paintable Extrusion Profile

Grey 1000mm

MDF PDS 1070MM

Grey 1000mm

Quicklink: Q1FC4

Dimensions

Depth	12mm
Length	1m
Width	16mm

The **MDF U Surface Extrusion Profile** comes in lengths of just over 1m and is used to house LED tape, which keeps the tape light safe and out of the way.

Basic profile designed for universal use - furniture (kitchen cabinets, closets etc.) stairs, exhibitors, advertisement, hotels, work stations.

Parts Required

Extrusions

As many lengths of extrusion can be used as is desired. They can be positioned end to end with each other to make an unlimited distance.

Diffuser

A diffuser is used to give the light a more even blend. Simply purchase the same amount of diffusers as you did with extrusions.

Will fit any tape with a maximum width of 10mm.
