Waterproof Timeclock Style Switch  
White IP55

## WISETCWP WH

White IP55  
Quicklink: Q208E

### General

Colour	White
IP Rating	IP55

### Dimensions

Height	140mm
Width	105mm

The **Waterproof Timeclock Style Switch** is a 4 Channel switch can be programmed to any of the circuits on the WiseDim. You can add up to 32 switches to the WiseDim. This means there is no need for two way wiring as you can add another radio switch and place it where you like. You can program the four channel switch to switch more than one WiseDim. So for example, if you had three WiseDim units it is possible with the 4 channel switch to control 4 circuits from each of the WiseDim units.

The battery life lasts up to 2 years.

### Key Benefits

- \* The timeclock switch has a built in time clock timer
- \* It allows the possibility of programming 6 commands per day, 7 days a week
- \* Commands can be automatically programmed for dusk and dawn
- \* Radio switches require no wiring
- \* No back box required.
