

FIRE DH20101F WH

35W White

Quicklink: Q20D8

General

Cap	GU5.3 / MR16
Colour	White
Construction	Aluminium / Steel
Dimmable	Yes
IP Rating	IP20

Dimensions

Cut Out	83mm (Diameter)
Diameter	96mm
Minimum Ceiling Depth	117mm

Electrical

Maximum Wattage	35W
Voltage	12V

The Inferno Fixed 12V downlight does not require a firehood and is fire rated for up to 90 minutes.

The fitting has many unique features such as a covered safety box for connecting cables and a removable reflector which uses magnetic retention to ensure ease when changing the lamps.

A transformer is required for this fitting. Low voltage halogen lamps are available separately. We recommend the Reflektto Halogen lamps for this product as they reflect heat away from the fitting.
