The **Park Lane Floor** is a stylish modern light designed not only to colour coordinate with your existing furnishings but provide a design feature in any room in which it is located. Matching wall and table fittings are also available. This product is completely customisable; mix and match from a choice of three finishes and three shade colours.

This fitting consists of the *Park Lane Floor* stand only, with the shade available and purchased separately. The product image above is an example, showing the *Park Lane Floor* in brushed nickel finish with a *Park Lane Shade* in black. When purchasing this product, do not forget to order a shade. Shades are available in both a black and white square shape.

Constructed from steel and finished in brushed nickel. The separately purchased shade is made from high quality fabric. This fitting has an on/off switch located on the base of the lampholder. Can be used with a standard or compact fluorescent 60W E27 lamp (available separately). If this fitting is to be used in conjunction with an in-line dimmer, please ensure to use a dimmable compact fluorescent lamp.

Please note Limited stock available
