Quicklink: Q2110

General

Cap	GU10
Colour	White
Construction	Die-Cast Aluminium
Dimmable	Yes
IP Rating	IP00

Dimmable Yes

Dimensions

Cut Out	67mm (Diameter)
Diameter	90mm
Minimum Ceiling Depth	114mm
Vertical Rotation	40°

Electrical

Energy Efficiency Rating	A
Maximum Wattage	7W
Power Factor	0.95
Voltage	240V

Light Characteristics

Beam Angle	45°
Colour Rendering Index	80
Colour Temperature	3000K Warm White
Halogen Equivalent Wattage	75W
Lumens	630 lm

Page 1 of 2

The **Invisible Round LED Kit** combines the Invisible adjustable downlight with the Reality GU10 LED 7W lamp to create a Part L compliant downlight.

The **GU10 LED 7W** Lamp is equivalent to a 75W GU10 halogen lamp and, like a halogen lamp, is dimmable.

Key Features

- Complies with October 2010 Part L regulations
- Fully dimmable with leading edge dimmers
- Equivalent to 75W GU10

The Invisible range has been **designed to be overpainted in Situ** in the ceiling if necessary. The fitting is painted RAL9010 - 30% Gloss level which has a slightly matt surface, to which the emulsion or other paints will adhere to. The finish from the factory is good enough for normal use and will blend in with the most common ceiling finishes. The slightly matt finish on the product will allow it to be carefully repainted to suit any other ceiling colours.
