

Trimless Grid Metal

FRT200 Plaster Frame 12V

FRT200 FRAME15MM

Quicklink: Q21AC

General

Construction Steel

This fitting is for use with FRT200 light fittings. The **FRT200 Plaster Frame** is a mounting ring which is designed to be fitted into the ceiling and plastered in before the light fixture is put into place. The downlighter fits into the hole in the ceiling and will rest on top of the mounting bracket. Once the light is fitted there will be no trim.
