

# Wireless Intense Switches

Wise Switch 4 Channel

White 3V

**MR. RESISTOR®**  
Lighting Specialist Est. 1968

## WISE INTENSE4 WH

White 3V

Quicklink: Q22CB

### General

Colour	White
Construction	Plastic
IP Rating	IP20

Operating Temperature	-10°C ~ +55°C
Radio Frequency	868.3 MHz

### Dimensions

Depth	9mm
Height	86mm
Width	86mm

### Electrical

Replacement Battery	CR2430
Voltage	3V

Wireless switches can be used to control any of the receivers in the Wise Controls range. The function of the switch, and each of its buttons, depends upon the function of the wireless receiver it is programmed to. Therefore a single button can be used for a variety of functions including, but not restricted to, on/off, on/off and dimming, or master off only.

Wise intense switches are surface mounted so can be positioned almost anywhere. They are battery powered and a CR2430 battery is included with each unit. The CR2430 Battery has a life span of 4-5 years.
