The Momo is a stylish bedside wall light with a fully adjustable two arm design to give ultimate flexibility in positioning. A switch is located on the base for easily accessible light control. It is ideal for reading books or surfing the Internet when positioned next to beds. This product is also completely customisable, complement existing soft furnishings by choosing from three distinctive finishes and two shade shapes and colours.

The fitting shown is the standard Momo with no flexible LED light extension with an Azumi/Momo Round Shade. This is an example, the **shade is available and purchased separately** to allow you to mix and match. When purchasing this product, do not forget to order a shade. Shades are available in black and white in round and square forms.

Constructed from zinc and finished in matte nickel. The separately purchased shade is made from high quality fabric. A 60W maximum E27 lamp is available separately.
