

Theatre Track Lights Three Circuit

PAR20 Theatre Three Circuit Track 240V
50W Black

JFTK3 PAR20 BLK

50W Black
Quicklink: Q2352

General

Cap	ES / E27
Colour	Black
Construction	Die-Cast Aluminium
Dimmable	Yes
IP Rating	IP00

Dimensions

Head Height	82mm
Head Length	166mm
Head Width	82mm
Length	163mm

Electrical

Maximum Wattage	50W
Voltage	240V

The **PAR20 3 Circuit Theatre Track** lights are 240V spotlights used to highlight certain focal points using different wattages, brightness, beam angles, filters and coloured gels.

The fittings are positioned onto track which can be mounted onto practically any surface. This allows you to move and change your light fittings around when you need to, without having to make any long term installations.

Three circuit track lighting is a versatile and flexible lighting system commonly used in commercial and residential spaces. The singularity of this lighting track system is that each of the three circuits can be wired and controlled independently, allowing you to have different lighting configurations in the same space. This means you can have multiple sets of lights on the same track, each set with its own switch or dimmer control.
